

Short's Beers – Bellaire, Michigan

Soft Parade Blueberry Ale

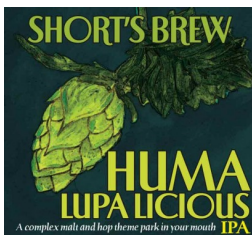

This gourmet specialty is engineered of toasted rye flakes and two row malted barley. Loaded with pureed strawberries, blueberries, raspberries, and blackberries, we refer to this fermented potion as a fruit infused rye ale. The result is a refreshing fruit delicacy that's easy to drink, appealing to look at, and finishes dry.

Pandemonium Pale Ale

Our classic American pale ale lends its copper color to the rich specialty grains. This craft ale is balanced with four kettle hop additions to a near IPA quality. It is one of the few beers we finish through whole leaf hops lending a nice fresh earthy aroma and flavor.

Huma Lupa Licious IPA

This gem is honored with the name of the hop plant, *Humulus lupulus*, and is Short's best selling India Pale Ale. It has such an abundant amount of hops that it sensually provides a punch to the palate.
