Mt. Pleasant

Raspberry Wheat Ale

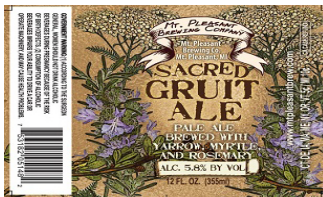

Stand back. This is a beer brewed with raspberries, not a raspberry beer. The real raspberry juice we use adds something special to this wheat ale rather than taking something away. It can be, and is, enjoyed by all types of beer drinkers. It especially pairs well with fruit salads or just about any type of dessert. Or, consider it a dessert all on its own; who doesn't enjoy beer for dessert? And, just because this beer has fruit, don't think it is some powder-puff beer. Even the most rugged mountain man will enjoy this one. ABV - 5.6%

English Brown Ale

Welcome to the Dark Side. But, don't let the name fool you, there's nothing disgusting about this brew! It has turned many unsuspecting drinkers on to the dark side of beer. Its malty richness stands on its own but also pairs up nicely to your favorite burger, with steak and potatoes, or if you feel daring, try matching it up with a sweet dessert. Don't blame us, though, when you find yourself completely converted to the dark side...of beer, that is. ABV - 6.0%

Sacred Gruit Ale

What is gruit you might ask? Gruit is a blend of herbs that brewers added to their beer in the renaissance times if not before. Herbs are an essential ingredient in beer, both as a preservative and to counterbalance the bitterness and flavoring. Herbs were the only thing

used prior to the extensive use of hops. Sacred Gruit ale is a pale ale brewed with primary combination of three mild to moderate herbs yarrow, sweet gale (myrtle) and marsh rosemary (wild rosemary). Don't be afraid to go hopless, you never know you might just like it!!!!

Strongbow Cider The best selling cider in the world! A strong, dry cider.

Strongbow is named after the Norman knight, Richard de Clare, later Earl of Pembroke, who was nicknamed 'Strongbow' by his troops for his feats of strength and prowess with the longbow. The 'thudding arrow' has been a feature of the brand's television advertising since the 1960's.

Angry Orchard Crisp Cider

This crisp and refreshing cider offers sweet apple notes up front with a subtle dryness at the finish for a balanced cider taste. A hint of Fuji apples adds a layer of complexity and brings out a fresh apple aroma and slightly sweet, ripe apple flavor.
